Leigha -- To say my dad is overprotective is too mild a description. Add in all my honorary uncles in the Dixie Reapers MC and going on dates is next to impossible. So when Lyssa invites me to visit her at the Reckless Kings in Tennessee, I jump at the chance. Maybe I can finally experience life a little. I know my family goes after bad men, the kind who hurt women and

kids. I never counted on becoming a victim myself. The biker who comes to my rescue is... scary. Hot. And all alpha. He's exactly what I need!

Cyclops -- My stint in the military left me a parting gift. Scar tissue that not only left me blind in that eye, but makes the damn thing look spooky as fuck. I'm used to people staring. Mostly. Then my brothers had to stick me with the road name Cyclops. They're not funny, even if they think they are. Uncle Sam may no longer find me fit for duty, but it doesn't mean I'm useless. When I hear a scream, I don't hesitate. Thought I was saving a girl. Turns out she's a woman -- and one I shouldn't touch. The daughter of a Dixie Reaper, she's her daddy's little angel... and damn if I'm not tempted to lure her to the dark side and get her a little dirty.

WARNING: Cyclops is part of the Reckless Kings MC series. It contains an age-gap relationship of more than 10 years, violence, bad language, and adult situations. Some readers may find the subject matter difficult to read. But there's a guaranteed happily-ever-after, no cheating, and no cliffhanger!
