Ex-Special Operators join the Cerberus Iniquus Tactical K9 Team Alpha with three action adventure novels

Survival Instinct

Military training won't help when the enemy is a force of nature...

All Major Dani Addams wanted when she started up that trail was to mourn and honor her fallen friend. She has no way of knowing the weather is

about to turn on her in the worst possible way—or that she's about to meet a man who will change her entire life.

Ex-SEAL Trip Williams and his K9 Valor were brought in to rescue a film crew that got caught in the storm. He isn't expecting Dani. But once he finds her, he will keep her safe...even if he has to disobey direct orders and fight Mother Nature herself.

All Dani and Trip have to do to get to happily ever after is weather the storm. Should be simple, right? If only...

Protective Instinct

He can protect her...but only if he can earn her trust first...

Artist Harper Katz was in the wrong place at the wrong time and heard something she really shouldn't have. Now, she's on the run with a killer on her trail. Her only option is to lay low until she can get out of the country. She can't afford to trust anyone—no matter how much she wishes she could.

Ex-Delta Force Operator Ridge Hansen has had a thing for Harper for a long time. So has his tactical K9, Zeus. But persuading Harper to move their relationship from friends to lovers has been tough. He'll still protect her from...whoever is after her. All he has to do is convince Harper to let him.

Ridge will have to use every skill and protective instinct he has to keep the woman of his dreams alive. He can only hope it'll be enough to get them

both safely to happily ever after...

Defender's Instinct

It'll take more than his battle-hardened instincts to defend her...

CIA linguist Sabrin Harris's plans for a relaxing vacation went up in smoke when twenty-six hostages disappeared just north of her grandmother's house in Slovakia. Now, she's been called into action. Her mission is fairly simple. Not allowing herself to be distracted by the hot-as-sin ex-Australian Commando who's sent in to help and defend her will be infinitely more difficult.

Iniquus Security operative Ryder Kelly remembers Sabrin as the beautiful woman his dog picked out of the crowd at a tactical K9 competition. When they're assigned to work together, Ryder soon realizes he could fall for her just as easily as his dog Voodoo did. So, all he has to do now is keep Sabrin alive long enough to get to their happily ever after. Easy, right?

Their timing is all wrong. Romance was never part of the plan. But with enemies closing in, the fragile bond Sabrin and Ryder have formed might be all that allows them to save the day—and each other.

Defender's Instinct is an intense, strangers-to-lovers, action adventure military romantic suspense filled with spies, conspiracies, and international terror.
