Broke, almost homeless, and recently fired. Those are my official reasons for answering a wanted ad for a skeezy-looking bartender gig.

It went downhill the moment they asked for a trial shift instead of an interview—to see if I'd mesh with their "special" clientele. I think that part went great. Their customers were complete jerks, and I was an asshole right back. That's the definition of fitting in, right?

I expected to get thrown out on my ass. Instead, they ... offered me the job?

It turns out this place isn't a bar. It's a guild. And the three cocky guys I drenched with a margarita during my trial? Yeah, they were mages. Either I'm exactly the kind of takes-no-shit bartender this guild needs, or there's a good reason no one else wants to work here.

So what's a broke girl to do? Take the job, of course—with a pay raise.

Note: The three mages are definitely sexy, but this series isn't a reverse harem. It's 100% fun, sassy, fast-paced urban fantasy.

Tori has no problem getting herself into trouble in every book in the Guild Codex series, but each one is a complete adventure.
