In this novel, R.J. Hockert introduces the reader to a thrilling and rewarding tale of intrigue leading from Washington D.C. to Kazakhstan in the eastern part of the former Soviet Socialist Republic with scenes of action and suspense in Dubrovnik and Baghdad in between. It is a story of a young idealistic man torn between his quest for the purging of terrorists in the free world and the security of true love.

The idealist is MATHEW ST. JOHN, a very wealthy, influential and disenchanted young man. He is associated with the United Nations Special Operations Group, a post which he accepted in memory of his father who was assassinated by terrorists while developing secret technology for the Navy. Although he has no need to work for a living, his recent career has been centered around tracking down and eliminating terrorists for UNSOG. He is, however, beginning to realize that the time for him to settle down with the love of his life, CATE HARPER, is nearing. CATE is a former super star runway model who has now achieved success as the owner and editor of Beau de l’Affaire magazine. She, too, is facing an unresolved career versus love of her life decision. But as the book unfolds, she can sense that love is winning out making her want to follow ST. JOHN wherever he might lead.

ST. JOHN has just returned from a terrorist encounter in South America and is preparing to leave for a holiday near Dubrovnik, Croatia with CATE when his boss and mentor, ADMIRAL ROWE, lets him know that while ST. JOHN is on holiday, he needs to do some quiet snooping around.

Together CATE and ST. JOHN through their covert investigation in Dubrovnik discover a sinister plot of deception and intrigue aimed at the overthrow of the government of Kazakhstan by a former high official in the Communist Party, DR. ALEXI LEMOTOV. After uncovering the plot along with a secret military training facility near Dubrovnik where DR. LEMOTOV has patiently assembled a private army of mercenaries, CATE and ST. JOHN, head off in different directions of the world to discharge the ADMIRAL's plan for preventing the coup in Kazakhstan. CATE achieves her initiation into the world of UNSOG intrigue and deceit while ST. JOHN faces the slipperiest urban guerrilla of his career.

Rising Thunder is a chronicle of the exploits of Mathew St. John with an aura of anticipation and labyrinths of intrigue combined with poignant moments of insight into the souls of the characters and their need for lasting love from the person about whom they care the most.
